Pastor Chris

Food can do so much more than just feed. Cornerstone Community Kitchen uses food as a tool to strengthen bodies, minds and build healthier more sustainable communities. Thanks to the many donors that have contributed to this effort.

"For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in, I needed clothes and you clothed me, I was sick and you looked after me, I was in prison and you came to visit me." Matt 25:35-36

Reflections: *Coming here has changed my life. I now appreciate the things I once took for granted. To be able to be used by GOD to show at least one person that our LORD has not forgot about them. To be around people who genuinely care about the needs of another and are willing to act on it and help make a difference is truly a pleasure and a blessing. I love the fellowship and being a part of this ministry. Every 2nd Saturday is an honor for me.*
